TO WHOM SO EVER IT MAY CONCERN

We are glad to certify that, we are using ROTODEL make SS gear pump for hygienic & food grade application. We are impressed by its silent working, trouble-free performance & low power consumption. We have a widely variety of Pumps i.e., screw, lobe, centrifugal etc., in our plant & your pump is the best that we have ever seen. We recommend it to to others & as well as seriously looking at replacing other types/models with your Pump. Please, keep up the same quality & workmanship. We wish you all the best.

Thanking you

(G.R.MANJUNATH, MSc, MBA (IIMA)
