M/S DEL ENGINEERS Pvt. Ltd.-SURENDRA NAGAR

Had supplied us two no.s of ROTODEL- ROTARY screw-gear pumps

model RDXJ-250-L, against our purchase ordres -As below,

[1] No.05/04/BPH/2986 -Dated 13-5-86.&

[2] WO/BPH/66809/3120 -Dated 23-1-87.

These pumps have been in satisfactory operation in our STEAM POWER PLANT, for pressurising L.S.H.S. upto 20Kg/cm. sq. i.e. for oil burners applications, since last one year. Pump capacity is 333 L.P.M. at 20 Kg/cm sq. as mentioned above.

WE are quite satisfied with the performance of these pumps. Earlier we were using TUSHACO-DELTA CORNN. screw pumps. After succesfull working of DEL-PUMPS, we have stopped buying pumps from TUSHACO-DELTA PUMPS.

Type of boilers we have- C.E.-Make-VU-40-two no.s capacity of each boiler is to generate 137 Ton/Hr. steam at 121 Kg./cm. sq. pressure & 515 degree centigrade temperature conditions.
